Arthur J. Stevens, Esq.  
Addison Yeaman, Esq.

Dr. Ted Sterling's letter in Nature drew the fire of Dr. John Higginson of the World Health Organization. We believe that the two published responses to the Higginson letter took care of his somewhat emotional arguments rather effectively. Dr. Kastenbaum's letter has not been published but he did get a reply from Dr. Higginson.

Copies of the letters are enclosed. The unpublished material should, of course, be treated with considerable discretion.
